**2013 Superfund Research Program Annual Meeting
Baton Rouge, Louisiana
October 15-17, 2013**

“SRP PI Scavenger Hunt” Game

This game is a great opportunity for SRP trainees to network with leaders of the SRP programs and find out more information about the other SRP Centers.

How to play: Trainees have to interact with a least five Center Directors/Project leaders during lunch time (excluding the PIs from the center were the trainee belongs). The trainees will rotate to the SRP leader tables and try to find out information about each leader and fill in a questionnaire (which will be provided at the beginning of lunch time on Wednesday, October 16, 2013).

Winner: The trainee with the most interaction by the end of the lunch time wins the competition.
